

REMEDYNE FRAUD PREVENTION CERTIFIED AS POWERED BY SAP NETWEAVER®

**Solution Delivers Fraud and Error Detection for business processes in
SAP® ERP systems, helping customers to avoid losses**

Frankfurt – December 17, 2013 – REMEDYNE GmbH today announced its REMEDYNE Fraud Prevention 1.0 solution has achieved SAP certification as powered by the SAP NetWeaver® technology platform. The solution provides continuous audit of business processes and master data, detection of erroneous or fraudulent transactions, and case management to quickly resolve issues.

The SAP Integration and Certification Center has certified that REMEDYNE Fraud Prevention 1.0 integrates with SAP NetWeaver Gateway 2.0 technology.

“We are delighted to announce the successful achievement that our Fraud Prevention solution is now certified as powered by SAP NetWeaver,” said Jens Kettler, Managing Director, REMEDYNE GmbH. “The ability of REMEDYNE Fraud Prevention to help customers avoid risks, detect fraud and errors early and resolve the issues will prove highly beneficial to current and future customer engagements.”

REMEDYNE Fraud Prevention provides effective real-time detection of malicious transactions and all the information that experts require at their fingertips to perform fast and effective follow-up.
